Petition in Support of CCC Goals for the I-26 Connector Project

To: North Carolina Department of Transportation and the citizens and political leaders of the City of Asheville

We, the undersigned, support the 2000 Report of the Community Coordinating Committee for the Design of the I-26 Connector Project and the key project design goals contained therein, and we urge the adoption of a plan for the I-26 Corridor that meets these goals:

1) Separation of local and interstate traffic

2) Matching scale of project to the character of the community

3) Reunification and connectivity of community

4) Minimization of neighborhood and local business impacts

5) Use of updated traffic modeling software and data

6) Maintenance of compatibility with community's design vision and plans.

7) Creation of full interstate movements between I-26 and I-40

8) Minimization of air quality and other environmental impacts

9) Emphasis on safety during construction and in the design
